

## How and why suppressive control systems were imposed upon Earth

Channeled from ONE Creator self - September 2019

When I set up today's tyrannical systems many thousand years ago, I did it through a select group of that time's most powerful people in ways that made them think and feel that they had the right to be superior over everyone else, and set them up with a societal system that puts select people in power over the rest of you.

If you look back in time to the Pharaohs and the Emperors all the way up to today's Kings and Queens and Popes and the most rich and powerful people on your planet, they all have one thing in common: to suppress you, to keep you in bondage to fake religion, to steal your yields and money, prescribing you into their armies to die for them in the name of their fake "GOD" or in the name of saving your "democracy" in your now time, as if democracy is something worth protecting and preserving, that the entire name reflects demo = people, cratia = rule. In other words, it doesn't say that the people in a country rule the country together. It says that some people rule, and those you can read about in your history books up until today.

These suppressors over time believed and still today believe they have a "GOD"-given "right" to rule the world, **which is total false, just a façade enabling royalty, papalcy and their partners in business and banking to be your world leaders unelected.**

BUT, because you are all my creation you are all equal on Earth. No one is above or below another, just so you know. Accept it and take responsibility for your own life and your own future. NOW!

What you have in common is that you are all pawns on my gameboard, Earth. You are the game on your planetary gameboard, Earth, and I am the hunter through you as well as your "saviour" through others of you. I am all of you, remember, and you are my pieces on my gameboard.

Your planet's Illuminati think they are the gameboard masters, little do they know that I am in charge of everything! Their game is just a game within the game they are part of which is my planetary game including everyone of you.

Know that I invented all these negative systems on Earth in order to test out as much negativity as possible in your individual and interacting lives.

I saw to it that those behind the erection of the Vatican set up their total fraudulent vehicles of suppressive religions, taxation and their fraudulent laws built upon the old Talmudic Laws, now being turned into their dream New World Order Noahide Law, where they give themselves the right to decide everything they want over all of you.

According to them you are their slave. They have set up a system where they have redefined you to be a person or product they can do to as they please because persons and products are not living life or beings.

They force you into their system at birth, and the way they do it is to give you a person number that follows you all the way to the grave, and is known as your passport number, tax number, social security number, driving license number and the like - including the bank card number and their soldiers' dogtags and numbers on uniforms – like the police – that serve and protect THEM – and not you.

All manmade laws and the legal system is fraudulent - posing as a valid system giving you the impression of being righteousness in favor, when in reality it takes your rights away from you. Their criminal laws and practice may look valid to a layman, but are in reality a complex multitude of smokescreen layers of "laws" and "jewry dictates" = jurisdictions - written to disorientate you deliberate to hide the whole system's invalidity from you.

It all seems right and in order, but in their system with their twisted terms and words that no-one can understand - unless you are a

criminal in on it - which all in the legal system are - from politicians onward, then you have no idea what is happening.

The criminals who set up these fraudulent systems are the ancestors of today's royalty and the Vatican, along with their banker, the Rothschilds and their partners in banking, finance and business.

In their fake system you are no longer a living being with all rights. They have redefined you to be a thing, number, title and the like without human rights - which all living beings in reality have on Earth. THEY RUN A BIG SCAM AND THEY KNOW IT - INCLUDING ALL THE POLICE - and worst of all they get away with it, because you let politicians decide everything for you, and when you vote for politicians you accept these systems as valid. So stop voting.

As a living being they cannot try you in a court of Maritime Law unless you agree to be a thing/person number or a capitalized NAME = a thing that they can use to send you to jail, into some institution for criticizing them, or to steal your children into pedophilia, organ harvesting and to profit freemason buddies.

Remember, these people see your child as a number/thing that they can steal without your permission - but that is only as long as we accept these political criminals running our lives - and deciding over us like tyrants just because they **claim** to be elected by us - when they are NOT!

Anyone can set up a list with bankster gangster-run political criminals as our only choices to vote for – like today - but that's not us choosing who we want to represent us and our interests.

Many of you have model ships hanging from the naves of your churches. These represent the force that really controls you and your country from behind the scenes = the Holy See (whole lie see) that sails from land to land arriving at your shore attacking your land from the sea (see), imposing their fake

Maritime Law on you to conquer your land. These are the ones who roam (Rome) from shore to shore. The ones who roam represent Rome (Vatican).

Those roaming the seas in their warships (worships) are the real pirates - invading land after land - agents of the Crown - that in turn are agents of the Vatican.

All working in the legal system know that today's courts are businesses masquerading as valid courts with real laws. Judges are imposters, taking on wigs and robes to become a "persona" - no longer themselves - to give themselves a false right they do not have - to judge others. They know this, and they have to take on their fake robes, because they have to judge us as persons instead of human beings as their courts have no power over living human beings. So they have to cheat by putting on a wig and a robe so that they cannot be themselves but a fake representative of their equal fake judicial system, or they cannot judge or sentence you! They must be as fake as they have made you. When you are a person and not a living human being, they too must assume a cloak of someone they are not to be able to sentence you.

British and Commonwealth judges wear different colored robes according to what self-appointed boss they are under: royalty, the papacy system direct or the multimillionaires = the banks. One is

economic, one represents the crown and the last, the Vatican. Together these represent the interests of the three sides of the triangle = the triad of the all-seeing eye, calling themselves the illuminati.

Have you noticed how the police and judges frequently ask if you understand? Never say "I understand", because by doing so you put yourself under their jurisdiction. By standing under them = succumb to them as a peasant in their system, when you are not. When agreeing to stand under, you agree to being subjugated to their fake legal system whose roots go back to Talmudic Law, and has other names and variants: Admiralty, Maritime, Canon Law etc - all of them invented to have control over others by shrewd minds.

Jurisdictions (jewry's dictation) is a physical area these shrewd criminals have set up as spaces where they can entrap and define you as a person with no rights, and as such treat you like a criminal, no matter how innocent you are.

Know that their fraudulent legal systems work together with constitutions, and that both systems are fraud. All of them are fraudulent, put in place so they can have their way against everyone always, whether you are guilty or not. You can't win a case in their court.

Constitutions are put in place by freemasonry on behalf of each state's owners: the Vatican, European royalty and the banks. Constitutions, just like all other words beginning with, or having the word "con" somewhere within the word, reveal the word's true meaning - the use of swindle to deceive and trick those outside the system (not in the know) in order to steal, embezzle, cheat or control those unknowing of this reality.

A con-stitution is a set of swindle rules imposed by a few select self-appointed bosses giving themselves a right (that they do not have) to con-trol(l) you and suppress you through trickery, posing as something beneficial.

A con-stituent is, according to them, a "person" allowed by them to vote for THEM in elections, in their fake con-struct of a voting area, tricking their con-stituent to vote to keep the fake political and legal systems in place because the voter do not know that their systems are fraudulent.

There is only one way to beat this system. And that is to declare yourself as a living human being with all rights given to me by ONE Creator self at birth. End of story.

The fake e-con-omy is set up in such a shrewd way to let them steal your income both through taxation, interest and con-trol over values and markets. You are a slave. They steal your salary back through taxes and overpriced products.

The monetary system's owners are called banks because they are the third ship in this story. They embank themself a shore with the permission of the Vatican guard and the royal court's head = Kings and Queens of all times – who combined are our self-appointed world rulers keeping us emprisoned in their religious, law and monetary societal systems - to feed them non-stop power and monetary control.

When you work in a business within this e-con-omic system you are a work slave who have to pay for everything in ways that in the end bring all your salary back into the hands of the business owners that are part of the Bilderberg group system's corporations who happen to be owned by the aforementioned three. Just look at the word corpo = body, and ration = parts of (the body).

The owner-ship and leader-ship in the Bilderberg corporative system is using Talmudic-based Maritime Law which is why you can read the word ship, currency, banks and other water-based words and expressions in their league of lies system. That's why they have their City of London con-veniently placed along the Thames (the sea) with its Embankment, and you know where that is!

Governments and states are, by definition of real human law, pirates using the Law of the Sea (Maritime Law) to plunder and suppress everyone under the threat of modern weapons we know

as prison time, sky rocket fines and other monetary, financial based punishment - including your freedom – like the payment of bail!

This is why life on Earth is a gigantic game that gives me great inspiration to further develop away from negativity into positivity and prosperity that brings Creation into position to provide me more new knowledge than every before once I unleash parts of you on new assignments outside Earth together with your space family with missions to awaken and enlighten old, stagnant dormant creations that go billions of Earth years back in Earth time, that I intend to reignite with your help, as you from Earth is by far the most advanced awarenesses I am right now as you read this. And I intend to use your advanced awarenesses in my favor as emissaries going to these old stagnant places outside your universe and inside where needed to inspire these old created beings there to want to become more like you and will once they see your "magic" - when you eat and then pee and pooh, make love and give birth to living babies! That will blow their minds. You bet their curiosity will bring them back in business in my favor. That's my gamble.

But for now you are still experiencing your now hellish challenges on Earth and have to find cooperative ways to solve the problems ahead of you. The biggest one now in early 2020 is to kill the SMART 5G LED military weapon radiation system that your criminal bribed-through-the-roof politicians force upon you when in reality they have right to decide anything in your life that apply to you as an individual or to your society at large, without your permission.

In short, your manmade laws on Earth are in reality invalid because you are all equal Me, and as equals everyone have an equal say in all decision-making, which is why I informed you above how it will work once you set up your ONE World Society model, where you all decide everything of importance to your lives, to your local community or to your country at large. This is why you need to be willing to vote and not leave politicians to vote for you, or you will never get fairness and equality and a say in your own life on your planet.

Because all is one and the same, equal to one another, no single one or group of ones have the right to set up systems and businesses providing the few monetary and political power over everyone else, which is exact what has happened on Earth.

Your Earth GOD is a human creation set up by the Roman Vatican rulers and priesthood of their time. It stands for Grantor of Dominion (Game of Deception) and was invented in order to suppress and control mankind as well as enforce everyone to pay taxes, no matter what part of the world, as these same stand behind the invention of all world religions.

These know very well that their time is over. This is why pedophilia in higher circles in the Vatican, royalty, politics, judiciary system and big businesses within the global freemason-based cooperation of the New World Order is being revealed to all the world.

We are indeed enslaved prisoners to political, judicial, monetary and fake religious systems until we do right by ourselves, and free ourselves from these devilish Luciferian pirates of the sea, leeching on us to fill their pockets at our expense. So what's the solution?

The solution is to get out of the solution, because solution is water, which is their turf. We need to set up an alternative system based upon laws of the land, and as you know living human beings live on the land and not in the water, and since the pirates of the sea have no such system of laws to offer us, we have the right to set up a system that protect and serve our needs as land-based human beings.

It may sound like an impossible task, but in reality, all it takes is for all good men and women to cooperate in wanting the system and vote for it to be set up in such numbers that the globalists of the sea cannot hinder it. They know better than anyone that crossing Creator of man's will is the end to them. They are indeed in the end times of their rule.

We are about to enter an entire new era on Earth where all living life are equal whether man or animal, bird or fish, insect or microbe in your body. But we have to do the job, setting up tomorrow's

society through cooperation and desire to create paradise on Earth. And once we get there - cooperating - Creator will provide the rest as is always the case when a new era on Earth or any other star in space come to a crossroads for upgrade or change in Creator's favor. How we know that?

Thousands of people on Earth channel Creator today and they are the ones heralding and sharing this information with us. And so it is.
