

How fake societal systems are used to SMART 5G and LED kill us

No politician, judge, royalty or GOD is going to save you from SMART 5G LED genocide

Why not?

Because the systems of politics, parliamentarism, money, laws and religions are all fake, fraudulent and criminal, run by an equal fraudulent freemason system we know as state and government, which are occupying our countries on behalf of all states' owners: the Vatican, European royalty headed by Buckingham Palace, in cooperation with the Rothschild banking family with associates. These systems were invented to hide from us who is really controlling the world from behind the scenes, allowing them to constant point their finger at others for their own crimes. These are the ones who invented systems and laws to take away your Creator-given rights to coexist as equals on our planet. These are the ones exploiting your rights, stealing your income as well as your country's resources that YOU own, together with every other inhabitant in your country. Their systems ensure you never work out this out, as those employed in them at higher levels are sworn by oaths to prevent you from learning the truth.

The same triad owns all parliamentary political parties, yes, **all** parliamentary political parties. **Politics is controlled opposition.** The House of Lords or The Senate in America ensure that as little as possible happens in your favor because they have their own pockets and power sickness to satisfy. Didn't you know?

GOD is not going to save you because GOD does not exist. GOD is invented by priests prior to the establishment of the Vatican. When the Vatican took power over religion they invented all world religions so they can control the minds of every being with all sorts of deities and religions.

In the now functioning cooperative Vatican-royalty-bankster gangsters' system, GOD stands for Grantor of Dominion. **The Vatican uses religion to keep you in bondage to their fake GOD. And the price you have to pay is to pay taxes to both the Vatican and royalty. All religion, like parliamentary political parties is controlled opposition to prevent you from seeing the real criminals behind them.**

The Vatican GOD was invented to keep mankind in bondage to a very demanding GOD, who both demanded tax and sent people out to fight wars to enslave country after country on behalf of their Catholic church.

These were sent out on crusades all over the Middle East headed by kings, whose knights became the first freemasons. It is this freemason system that control our society's political, judicial and monetary systems, to mention a few.

Their MASTER-SLAVE mentality goes all the way back to Babylonia when they invented their GOD, Lucifer. You need to know that top members of the aforementioned triad (Vatican, European royalty and the leading bank families, together with freemasonry in the higher grades) cultivate their own GOD, the fallen angel Lucifer, alias their "grantor of light" better known as satan. They are indeed satanists and pedophiles and the two often go hand in hand. As you now know pedophilia and satanism is common amongst the rich and famous as Jeffrey Epstein and Prince Andrew reveal. Others are Jimmy Savile, and there's another member of royalty, Prince Charles. This is the kind of people you royal worshippers support.

<https://www.youtube.com/watch?v=Fxb9qyFPdXw>

Today's Maritime Law is based on old Talmudic Laws with its division of class between the rulers (masters), and everyone else their slaves (us). The Talmud accepts bestiality, sex and murder of small children. This sick doctrine was later intertwined (by their descendants in Rome) into their creation of Canon/Roman Law/Maritime Law and explains why prominent judges, royalty, the Vatican, top politicians, bankers, high-ranking freemasons and secret services etc today know that GOD/Allah etc is an invention and not reality, and keep their old satanic pedophile rituals alive. Their practices of pedophilia and human sacrifice remain unchanged from the time of Ancient Babylon to this day, and it is their descendents who run the world and are enforcing the SMART 5G LED weaponry on you with the assistance of their political puppets and fake legal system.

Jesus was not impressed by what he saw in his lifetime. He was an enlightened dissident, trained by the Essene, that criticized the Roman Empire. Their reaction: "You cross us, we cross you!" (crucify you). And so they did, and then sanctified him for all the world to revere and worship.

Now you know that GOD and religion are inventions to keep us in bondage (= control us) with their deities, don't hang onto that crutch. No Vatican created GOD is going to save your life from the forced-upon-you SMART 5G LED genocide weapon they are rolling out now. **However, ONE Creator self IS real as an omnipresent self-aware energy being, Creator of all Creation in All-known-space.**

The law that apply on Earth and everywhere else in All-known-space is the Law of ONE that say that no one is above and no one below another, as all are equal and that no one, or group of ones, have the right to decide over any other one than themselves. This is why the Vatican

invented their own GOD and their own monetary and legal systems based upon Maritime Law, (also known as Law of the Sea/Canon Law/Roman Law), making us worship their invented GOD to keep them in power, hiding the reality of ONE Creator self from mankind and appointing themselves as our rulers. The number of religious worshippers of GOD in all their many names is evidence of the power they have over large numbers of our brothers and sisters on Earth.

In order to save your life you have to wake up to reality: we are surrounded by fake religions, a fake monetary system, a fake legal system in addition to fake "news" that is paid for and scripted by those intending to kill us for profit - repeating the same propaganda and lies as our politicians do - in their equal fake governments. This is reality - as is the fact that your fake government is run by party-handpicked politicians that you get to vote from, thereby making certain their freemason buddies always stay in power in politics and the judicial system.

3

You don't get to be anyone of importance in politics unless you are a freemason - which is the triad's vehicle for suppressing, robbing and now slaughtering mankind – for profit. Parliamentary Ministers are rooted in the Vatican Maltese Order of freemasonry, and that's why you have the red cross on the white background on the English flag – and a red cross hidden on many other countries' flags and organizations, such as The Red Cross.

Today's states are zionist/globalist run dictatorships that use fines to force you to obey, and do not hesitate to use false charges, their fake legal system with its fake corporate/maritime courts to imprison you, or even assassinate you - if you get in their way.

States are private owned companies called corporations. Each state is part of the THE state = the Vatican State, and therefore a ration of the Corpus (the body) = corpo-ration. These occupy your country on the aforementioned triad's behalf - posing as a service administration for you and your country - while they steal large parts of your wages through taxation and through you having to buy their overpriced products - from their private-owned companies. **The hard truth is states don't even need your tax money - because the monetary system operates entirely on fake, worthless digital money! Taxation is pure theft and your work is free labor and slavery for their companies and services.**

"Leaders" such as Queens, Presidents, Prime Ministers and the like **all fly down to Rome to meet the Pope upon taking up office. Now you know why.** Your country, on the other hand, is the land belonging to the living human beings who are born and raised in it, with equal rights to all the country's natural resources.

One fraction of the New World Order is run and controlled by zionists. Today Israel is controlled by Nethanyahu, and every Bilderberg and Vatican operated politician goes there to pay their due to them, which is the fourth force to reckon with in today's world ruling cabal.

Those making up these four fractions are the people that want our world to themselves - and that's why they are deploying the SMART 5G LED weapons system against us - along with more dangerous medication, vaccines and poisonous agents in food than ever before.

You may wonder: "If this is all true, surely I would know?"

You don't know these facts because if you did none of us would ever vote, respect these systems and those behind them, and we would have united worldwide in cooperation to **remove** them, long ago. They employ millions worldwide, outplaced throughout society, to suppress the truth and keep us disinformed through their fake lies and emotion-arousing propaganda to get our support to, for example, attack and destroy innocent countries and people on behalf of the Bilderbergs – so they can steal the resources and hand them out through fake concessions and contracts – to profit them. Make no mistake, the Pope, royalty and all western political ministers and important scientists are in on it, for personal profits.

These are also behind the CO2 and the climate change scam, both of which are created by geoengineering, and now assisted by 5G. They can create tsunamis, earthquakes, volcanoes, floods or extreme drought to ensure their fake propaganda lies become "real", thus allowing THEM to tax us with their fake taxes. This is worldwide theft through taxation.

At the same time they brainwash our youth in their mind-controlled schools to not want CO2, parallel to not learning anything about reality, such as the fact that our nature depends on CO2 in order to produce oxygen - for us to be able to breathe. Without oxygen we die. Without CO2 nature dies. Do you see how they operate? They use their geoengineering technology to manipulate the climate, and the SMART 5G LED system steals oxygen from the air and fries the atmosphere, creating higher temperatures. Do you now see how they operate, or do you still believe their lies?

The legal system

As with politics the entire legal system is fraudulent. Despite what you are led to believe, Common Law is not in use, it's just an illusion you learn at school, just like the lies that parliamentarism is good for you, and that politicians work for you - to ensure you never take the time to check the real facts! **Today politicians are being used as the driving force in the roll out of the very dangerous SMART 5G LED genocide weapons system, aided and abetted by the fake legal system.**

Let's take a look at how SMART 5G LED technology has been proclaimed "unharmful" and set up everywhere without your permission:

As you may already know, politicians, city councillors and the like, in the globalist run part of the world, are repeating the same parrot lies as the military-industrial-pharmaceutical complexes' owners and their mainstream media: "5G is safe and it's great and we're going ahead". This is how they go about it:

Step 1) The technogiants' bribed researchers are paid to get the "right" research = "It's safe!" (by the way politicians and the triad own these companies or are large shareholders in them).

Step 2) The technogiants use their own (or bribe the right) regulatory freemasonry bodies to set the legal (= fake) maximum considered safe exposure levels to radiation to a **MUCH higher level than what is safe** - and **abracadara - now extreme dangerous levels of radiation are categorized as safe!**

NB: AS OF MARCH 2020, the paid-and-bought for genocide-supporting [ICNIRP](#) (International Commission on Non-Ionizing Radiation Protection) have more than doubled their definition of what is safe exposure to radiofrequency electromagnetic fields, as British microwave weapons expert, Mark Steele, confirms here.

Step 3) Politician lawmakers then write various papers proposing the 5G go-ahead based on their own pretailormade research, now with radiation declared "unharmful".

Step 4) The same people both write and pass fake laws allowing the SMART 5G LED life-threatening weapons system to be erected anywhere, and guess what, there's nothing you can do about it – according to their fake law! Did you know that? This is politician-abetted genocide.

Now knowing all the above, take a look at the following excerpt from MP Gareth Johnson's letter (shown left):

Gareth Johnson
Member of Parliament for Dartford

HOUSE OF COMMONS
LONDON SW1A 0AA

3 July 2019

GJ/SB/139654/Griffin

Dear Mr Griffin

Thank you for contacting me with your concerns about 5G.

I believe it is vital that the UK has the digital infrastructure it needs to compete and grow in the modern economy. The Government wants the UK to be a world leader in 5G and to ensure that the majority of the population have access to a 5G signal by 2027. 5G is still in its development stages and is likely to be rolled out as part of a patchwork of technologies, including those already in use, such as 4G, Wi-Fi, as well as 5G new radio.

Considerable research has been carried out on radio waves and the Government does not anticipate any negative effects on public health. I understand that existing technical standards, which take into account international guidelines and research on non-ionizing radiation, are expected to be followed throughout the development of 5G products and networks. I am assured that as 5G continues to develop, the Government will work with Public Health England to monitor available evidence and take any necessary action.

I have enclosed a copy of the Minister's comments following a debate that took place in the House of Commons last week. This represents the Government's current position on this matter and I hope is useful to you.

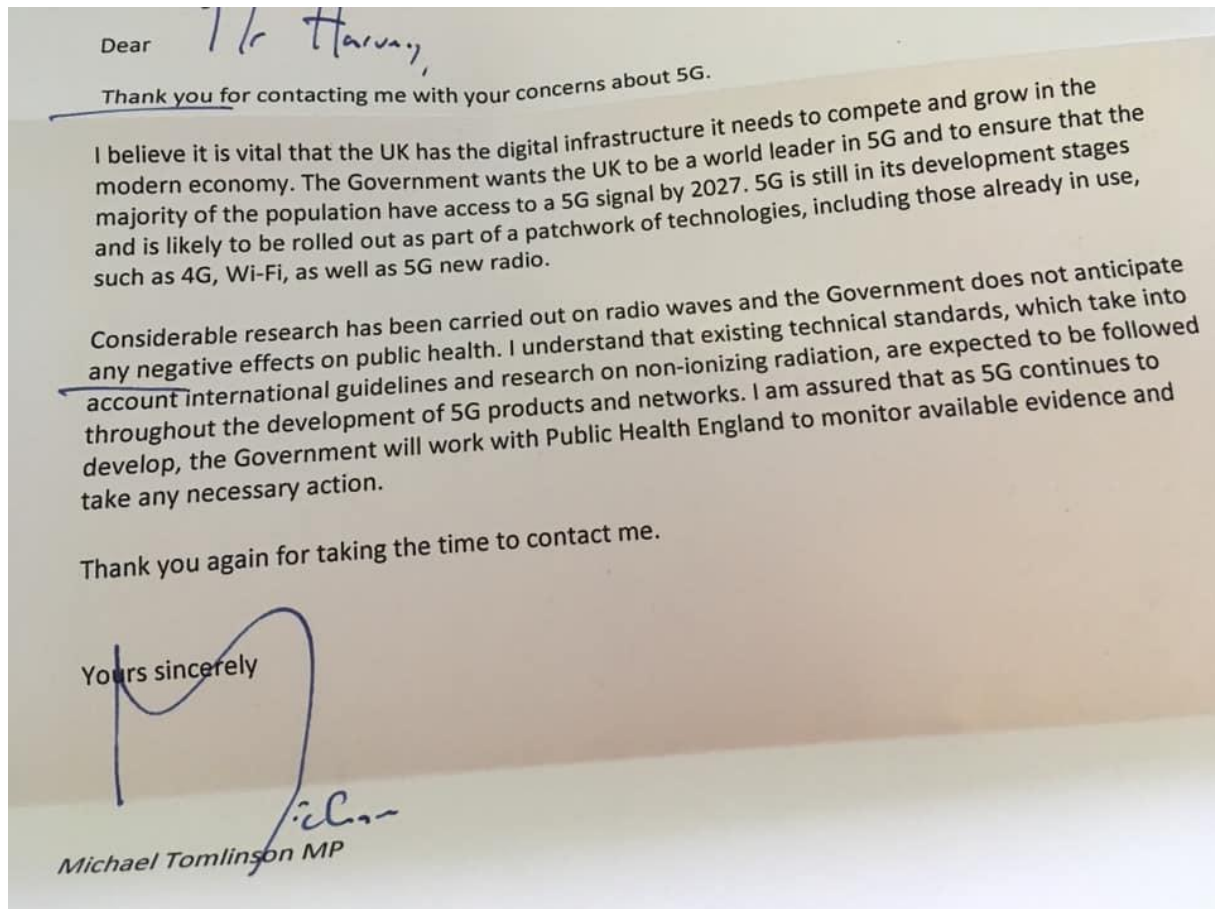

Thank you again for taking the time to contact me.

Yours sincerely,

Gareth Johnson

"Considerable research has been carried out on radio waves and the Government does not anticipate any negative effects on public health. I understand that existing technical standards, that take into account international guidelines and research on non-ionizing radiation, are expected to be followed... "

MPs have clearly been instructed to write standardized letters with "It's safe, we support it and we decide over you" to all that are anxious about 5G, no matter what MP (see second sample below).

Do you still believe politicians work for you?

A search with the text 5G on www.gov.uk reveals a long list of posts relating to commercial interests in connection with 5G and related technologies. Do you still believe politicians and government work for you?

[Competition closed] 5G Infotainment Services for Transport Environments UK-South Korea 5G Funding Competition

The aim of this competition is to develop new and novel applications and services that can be ready for 5G, in collaboration with South Korean partners.

From: Department for Digital, Culture, Media & Sport

Surprise, surprise Public Health England will "monitor available evidence" = controlled opposition, part of the government's corporations (there are no governments, only corporations posing as governments - it's all fraudulent). This is all about commercial interests at your health's and life's expense - from imposters working in an imposter system - claiming they represent and work for YOUR interests. **Let's look at the MPs' letters in light of the fraudulent legal system.**

Legal name fraud is one of many layers of deception in this fraudulent system, turning you (through stealth entrapment) into a non-living entity (according to them), an alias, called a "PERSON" with a person number, tax number, social security number, passport number, bank card number and the like – in order that they, according to them, can push their fake laws and monetary system on you - to enslave you. At the same time their fake law system gives them indemnity – their system does not apply to them. Great isn't it? Not.

Do you still think politicians and judges, barristers and lawyers work for you? This is professional entrapment from professional swindlers – just like lawyers', barristers and the police pestering you for a signature. These are all profesional swindlers who earn huge sums of money at your life's expense – but none of them are immune from SMART 5G LED radiation - indeed the police will die first - because of their TETRA equipment.

The legal system's Admiralty/Maritime Law, with its roots in Talmudic Law, is also known as Law of the Sea (or of the Dead). This is a complex system of entrapment, deceit and trickery hidden in language with the use of ALL CAPS (Dog Latin), also known as SIGN LANGUAGE. There are many layers of deception, here are just a few examples: All words starting or having "con" in them, ending in -ly and lie as well as specific phrases, terminology and the layout, con-tent and form of documents and words with maritime terminology such as bank, embankment, dock, dockument (document) and currency. This is why printers have a paper feeder option called LEGAL to meet requirements for their fake Maritime Law.

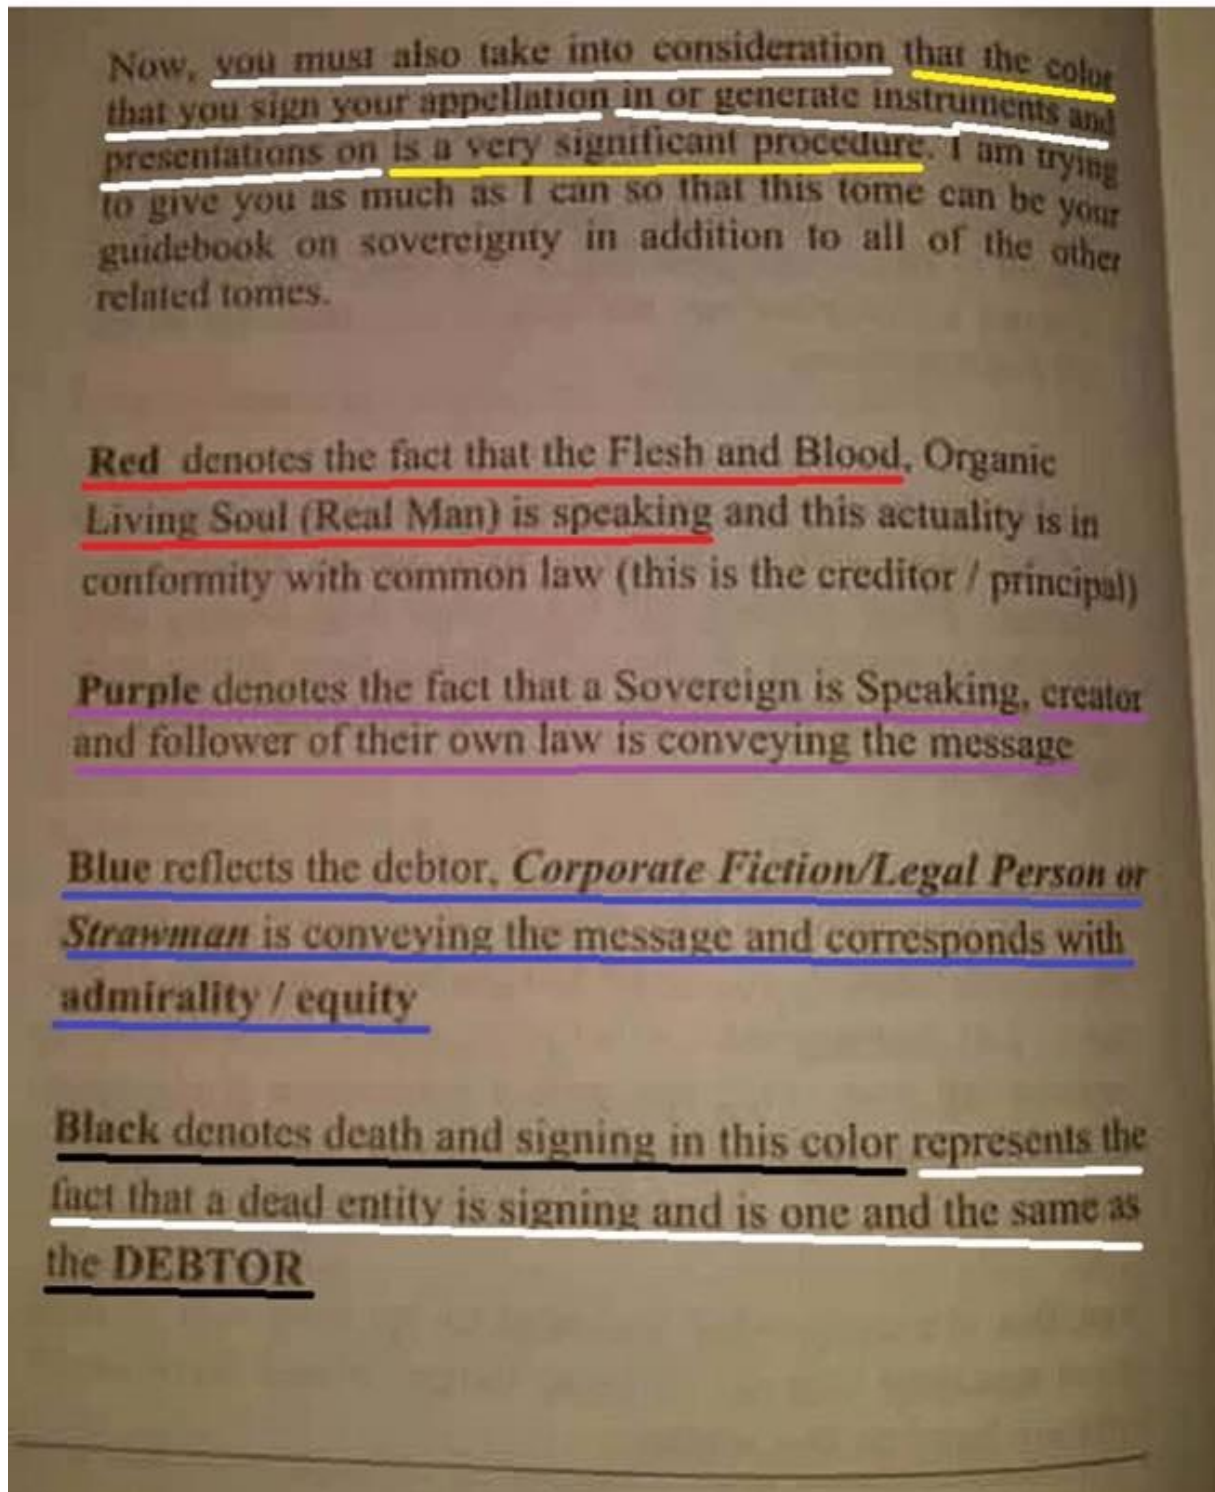

The trickery of the fake legal and monetary systems is intertwined. Banks force you to be a title: MR/MRS/MS attached to an ALL CAPS NAME, so you no longer are a living human being, according to THEM, so they can plunder and do to you as they please, and do.

Fortunately many worldwide are now aware of this scam, thanks to those dedicating their lives to revealing it, amongst them American Jordan Maxwell, Australian Santos Bonacci and Romley Stewart and English Jamie Bennett.

<https://www.youtube.com/watch?v=7AXFogArHZ4>

Like politics and royalty, the legal system was created and got its acceptance through the use of brute force, suppression and murder, to force us to submission and accept their societal systems and ownership to our land. These systems have existed so long that few question their validity today. They are taken for granted - a tragedy.

WHY THE HELL DO YOU THINK THEY INSIST YOU SIGN WITH A BLUE OR BLACK PEN?? NO!! ITS NOT BECAUSE THEY GOT THOSE COLOR PENS ON SALE YOU DOLT!!! LOLOL.....SHARE

Judges by the way are imposters, and they know it - and prove it by taking on their wigs and robes so they no longer can be associated with their human self - and instead pose as a

strawman in service to their masters.

Those in the upper echelons in the political, legal and banking systems are professional swindlers and imposters - who earn huge sums of money to keep you in the dark about the reality of their league of lies system of law and banking.

These are aiders, abettors and protectors of the the most horrendous crimes and criminals on Earth, protected by their freemason-run police chiefs who command their unknowing officers and constables to commit crimes against us. A known example are the attacks on Tommy Robinson.

Note, by the way, that the police do not work for us, but the triad owning them. They are also self-employed WITHIN the police. Did you know that? That's why they harass you for nothing – and earn money from each con-frontation they con-coct so they can fine you - according to their fake laws. It's all about entrapment.

In courts every lawyer must swear on oath to obey the system and never reveal the truth (to us). The entire system works because of your lack of information about how fraudulent this system is, as well as their use of intimidation (they make you so frightened you end up going to their Court = Caught, where they benefit and earn a fortune from their fraudulent system).

Having read so far you now know you are enslaved in tyranny run by a few thousand politicians on behalf of their upper echelon masters.

If you value your life you must stop respecting these systems, and those behind them.

Why does the word "JOKER" appear in a LAW DICTIONARY?...

The JOKER is what the JUDICIARY use against the unsuspecting people that walk into their private corporate Courts. When ever you see ALL UPPERCASE TEXT appearing as your NAME or any part of a CHARGE, you are looking at something called: "American Sign Language" identified in section 11:147 of the **Chicago Manual of Styles**. (English Manual of Writing) There is no such writing in the English language such as: ALL UPPERCASE WRITING, rendering it lawfully unreadable in a Legal Document, because it is SIGN LANGUAGE, and **NOT ENGLISH**, however, if you assume it to be there in a Legal document as a part of such a document, then the COURT and the POLICE and the Privately owned CORPORATE GOVERNMENTS are NOT GOING to TELL YOU! ... They are all one.

This is legally know as the JOKER in the Document, and this is why the JOKER is often known as the highest ranking card because it has the ability to "Deceive"...

HOODWINKED means Blindfolded and that is why the Justice lady out the front of "Corporate Courts" appear blindfolded with the Scales "Uneven" ... It is all rigged through the Science of the English Language...

BLACKS LAW DICTIONARY 4th Addition The JOKER ...

JOKER. In political usage, a clause in legislation that is ambiguous or apparently immaterial, inserted to render it inoperative or uncertain without arousing opposition at the time of passage. *Bennet v. Commercial Advertiser Ass'n*, 230 N.Y. 125, 129 N.E. 343, 344.

Royalty, papacy and politicians are parasites that believe they are superior to everyone else when they are not - as all are equal - the same goes for all in so-called positions of power. Their parasitic systems and those running them serve themselves at our expense.

We don't need these parasites or their fraudulent systems. They have appointed themselves our bosses, and use this power to suppress and rob us while filling their own secret bank accounts around the world.

You now know politicians in government are, for the most part, freemason traitors, are not our bosses and have no right to appoint themselves "GOD" with powers giving them the right to decide for us, or kill us. Don't be afraid of fighting these criminals – you will die anyhow if you do nothing - so you have nothing to lose. **If we join together worldwide we can easily outnumber them 10,000 to 1. Honest policemen and women and those in the forces (military) worldwide will die with us unless they do their job and arrest these mass-murdering criminals in their respective country.**

13

The bottom line is: Do you want to live or die? It's that simple. The Bilderberg group's Agenda21 = 2021. This is the year they intend to mass assassinate humanity. Take steps to save life, or die.

If you are not willing to do what it takes to stand your ground, take your power and Creator given rights back, start cooperating with others to get rid of today's suppressive freemason-run societal systems set up by the Vatican in cooperation with royalty over time – and put an end to these self-appointed suppressive royalties and deities and their banking/finance/business/political and judicial systems - you're dead in x number of time.

When we have saved our lives by removing these technologies and those behind them we can have countries run by honest people – us - rather than the pedophiles, satanists and mass-murderers of today. The roll-out of SMART 5G LED genocide has revealed for all that politics and all the other systems written about here are a lie. When these are removed we have a golden opportunity to set up a new and fair-for-all society system based upon real direct democracy. **Read about the ONE World Society direct democracy model [here](#):**

Immediate steps you can take NOW to save life:

1. Send this pdf/email/linked document to all you know, and ask them to forward it to everyone THEY know and so on.
2. Set up a local activists group where you live and share this information.
3. Inform everyone in your neighbourhood/street/workplace of this horrible truth. They need to know to take steps to protect themselves.
4. Coordinate your local group to go door to door to everyone in your street/block. Get others to take the next street etc.
5. Hold emergency meetings in your village, town, city, where you work, schools, kindergartens and hospitals. Some of these are already under massive radiation attacks because of cell 'phone towers on their roofs.
6. Demand that schools immediately remove all cell 'phone towers and wifi and hold your children at home until this action is taken.
7. Crowd your city council with your demands of removing and destroying all SMART 5G LED technology weapons in your area where you live. Tell your politicians that their job is to represent your needs and desires where you live and not to interact and cooperate with big technocratic businesses to profit THEM.
8. If your city councillors or local politicians do nothing to remove, destroy and destruct (to melt) this genocide technology within one week, we need to take action and do it

ourselves. Everyone must come together and set up a strategy plan for their neighbourhood to remove all lethal technology in your own home, streets and neighbourhoods before this technology takes us to our grave.

9. If city councillors or local politicians fail to remove, destroy or destruct (to melt) this genocide technology within a week or so, retain them using civil arrest for their failure to respond to stop genocide, and take action to remove technologies that are killing you, including them. They will thank you in the aftermath for saving them and their families.
10. Get an emergency generator and share electricity with neighbours.

FAILURE TO ACT MAY RESULT IN BRAIN CANCER AND DEATH.

14
